stridechc.org
Since 1989, STRIDE Community Health Center (STRIDE CHC) has been dedicated to affordable care, community health and wellness, and bettering the lives of the patients we serve. The vision of STRIDE’s founders was to develop a system of care spanning the entire circumference of the City of Denver. STRIDE’s vision has been expanded to include comprehensive medical, dental, behavioral health, care management, outreach and enrollment, and health education that addresses the needs of more than 50,000 individuals annually.

Did you know?

In 2021, STRIDE administered 55,645 COVID-19 vaccines to patients and members of the community. Testing efforts have also continued, thanks in large part to a wonderful partnership with Arapahoe Community College in Arapahoe County.

In an effort to meet patients where they are at, STRIDE offers mobile healthcare services and telehealth appointments for patients that may not be able to access in-person care at one of 15 STRIDE health center locations. Currently, nearly 30% of patient visits occur outside the four walls of STRIDE health centers, creating more seamless access to services and reductions in care gaps.

As part of our ongoing commitment to STRIDE patients, we have 19 quality measures such as childhood immunizations, colorectal cancer screening, depression screening, diabetes management, and hypertension that impact patient outcomes. STRIDE is far exceeding the targets for these and other measures, which is a testament to the hard work of our care teams in keeping patients healthy! Funds raised through our philanthropic efforts help support all of our programs and, as donors, you have a choice in where your contributions are allocated. Whether you are passionate about women’s health, our littlest patients, our aging population, Refugee and LGBTQ+ communities, or other programs, we’d love to share with you how your dollars go to work!

HELP US NAME STRIDE’S ADMINISTRATION BUILDING!

Have you been searching for a way to increase visibility for your business? Perhaps you’ve been wanting to honor a family member, but you didn’t know how. STRIDE has a wonderful opportunity just waiting for you!

With the consolidation of STRIDE’s Administration functions came the opening of a new Administration Building – Oneida – in November 2019. The organization currently has multiple spaces and rooms that we would be honored to have a sponsor or individual donor name.

The underlying principal of any naming is that the person(s) or organization(s), for whom the space will be named, and STRIDE should both be honored by the naming of the building, part of a building, or space. The name may refer to a foundation, individuals, family, or business that shares our values.

Current Naming Opportunities are listed below. STRIDE has 3- and 5-year pledged payment plans available as well!

DONOR-ADVISED FUND
A Donor-Advised Fund (DAF) is a philanthropic giving vehicle that provides an immediate tax benefit to you and allows you to recommend grants to charities of your choice over time.

You can recommend a grant from your DAF by calling your fund manager, or by logging in to your granting institution and selecting STRIDE Community Health Center.

How do I give through a Donor-Advised Fund?
You can give in one of two ways:

1. Recommend a DAF through your financial institution or foundation
   - You can recommend a gift through your financial institution or foundation by contacting them;
   - The grant will arrive at STRIDE CHC, or another charity you name, with only the fund’s name and address on it unless you request otherwise.

2. Contact your fund manager
   - Call your fund manager and recommend that you would like to support STRIDE CHC, and how much the grant should be.
   - The fund manager will send a check directly to STRIDE CHC, or another charity you name, from your fund.

When granting through your DAF, please use the following information:
